DEMAND MADE FOR PRISONERS

U. S. Calls For Release of Troopers Taken at Carrizal

WILSON SENDS NOTE

Situation Between the United States And Mexico Exceedingly Critical at Present

Mexico City, June 26.—The foreign office made the positive declaration today that work on the Mexican reply to the American note has not even been begun.

It is impossible, officials said, to forecast when the reply will be ready for delivery.

It is generally believed it will not be sent to Washington for several days.

Washington, June 26.—Full responsibility for the attack on the American troopers by Mexican forces at Carrizal has been assumed by the Carranza Government.

Demand for the immediate release of the American troopers captured in the engagement has been made by the American Government, with a further demand for an early statement from Carranza as to the course of action he has determined upon.

These are the outstanding features of communications exchanged between the two governments within the past 48 hours.

President Wilson called the ranking members of the Congressional Foreign Affairs Committee to the White House last night and informed them of a communication sent to General Carranza. He told them he would take no further action and would not desire to address Congress before a reply was received.

The text of the the note to the Mexican de facto Government, transmitted to James Linn Rodgers, special representative of the American Government in Mexico City, says:

"Mr. Arredondo on Saturday delivered to this Government the following communication:

" 'I am directed by my Government to inform Your Excellency, ith reference to the Carrizal incident, that the Chief Executive, hrough the Mexican War Department, gave orders to Gen. Jacinto . Trevino not to permit American forces from Gen. Pershing's column to advance farther south, nor move either east or west from the oint where they are located, and to ppose new incursions of American ldiers into Mexican territory. hese orders were brought by Gen. revino to the attention of Gen. ershing, who acknowledged the reipt of the communcation relative hereto. On the 22d, instant, as our Excellency knows, an Amerin force moved eastward quite far om its base, notwithstanding the ove orders, and was engaged by exican troops at Carrizal, State of hihuahua. As a result of the encounter, several men on both sides ere killed and wounded and 1 merican soldiers were made prisners'.

"You are hereby instructed to and to the Minister of Foreign Retions of the defacto Government e following:

" 'The Government of the United tates can put no other construction pon the communication handed to e Secretary of State of the United tates on the twenty-fourth of June Mr. Arredondo, under instruction your government, than that it is tended as a formal avowal of deberately hostile action against the rces of the United States now in exico, and for the purpose to atck them without provocation wheneer they move from their present sition in pursuance of the objects which they were sent there, notthstanding the fact that those obts not only involve no unfriendly ention toward the Government and ople of Mexico, but are, on the ntrary, intended only to assist t Government in protecting itself the territory and people of the United States against irresponsible and insurgent bands of rebel marauders.

" 'I am isntructed, therefore, by my Government, to demand the immediate release of the prisoners taken in the encounter at Carrizal, together with any property of the United States taken with them, and to inform you that the Government of the United States expects an early statement from your Government as to the course of action it wishes the Government of the United States to understand it has determined upon and that it also expects that this statement be made through the usual diplomatic channels, and not through subordinate military commanders.' "

AUSTRIANS BEGIN RETREAT.

Franz Josef's Troops Falling Back All Along Trentino Front, Rome Reports.

Rome, June 26.—Austrian troops have begun a general retreat on the Trentino front under a smashing Italian offesive, it was officially announced today.

The Italians have captured Austria positions at Castelgomberto, Meletie, Mont Laugara, Gallio, Aslago, Cesuna, and Monte Cengio.

The Italians gains are the most important made by Geeral Cadorna's armies in a single attack since the first few weeks following the outbreak of the Austro-Italian war. The Italians are driving home their offsensive with the greatest vigor, taking advantage of the withdrawal of Austrian troops to meet the Russian offensive.

The hardest blow was struck against the Austrian center which invaded Italy in the recent Ausrian offensive. Here the Italians took enemy positions on a 15-mile front, taking Monte Cegnio and Cesuna, southwest of Asiago, the Asiago positions, and the town of Gallio, 5-miles northeast of Asiago.

STATE TROOPS TO ENTER CAMP

Orders Sent Out Directing General on to Richmond Move

TO RUSH EQUIPMENTS

Full Quota of Soldiers of the Old Dominion Will Be Drafted Into Federal Service

New York, June 26.—The crack commands of the Virginia aNtional Guard will be started for the border Tuesday or Wednesday, Major-General Leonard Wood announced late last night.

Richmond, June 26—All Virginia troops called under President Wilson's mobilization of last Sunday will be in Camp Stuart at the Fair Ground not later than Tuesday night. They will be possessed of all equipment, which is now being forwarded here from the department quartermaster at Philadelphia.

Adjutant-General Sale anticipates these stores will be received today and that it will not be necessary to revoke his marching orders issued Saturday, calling on all troops from home stations to mobilization camp, Richmond, Tuesday.

General Sale, with Brigadier- General C. C. Vaughan, who arrived in Richmond Saturday to take command at the camp, and Colonel Jo Lane Stern inspected the camp Saturday and expressed themselves as much pleased with the progress now being made.

"Recruiting throughout the State has been progressing satisfactorily" said General Sale, and he referred to a tabulation by Major Clinton L. Wright, summarizing the telegraphic reports on recruiting.

These show that there are now in the First Regiment, at the respective home stations, 52 officers, the full complement, and 1052 enlisted men.

The Second Regiment has 52 officers and 926 men.

The First Battalion, Field Artillery has 15 officers and 403 men, and the separate battery at Hampton 5 officers and 171 men.

The Signal Corps has 3 officers and 61 men.

First Squadron, Cavalry (The Richmond Blues) has 15 officers and 257 men.

Field Hospital, 2 officers and 39 men.

Every precaution is being taken by the adjutant general's office to have the camp in perfect condition, and for that reason he ordered the field hospital, which is splendidly equipped with all modern army military and medical apparatus to repair to the camp. Among members of the field hospital are graduates of medical schools. This hospital is in charge of Major J. C. Bowman, a popular physician of Radford.

Colonel Alexander N. Stark, U. S. Medical Corps, chief medical officer, has begun his work by examining the medical officers and the enlisted men attached to the Medical Corps. There were one or two rejections because the men were undersize or under-weight, but as a whole the examinations were very satisfactory. The physical examination of the men, who are to be mustered into United States service, will proceed with rapidity from this time on.

Telegraphic instructions were received by Captain A. M. Shipp, mustering officer, advising him that Virginia's full quota will be drafted into the service of the United States and that there will be no farmal mustering in; that the new law provides all that is necessary is for the officer or soldier to subscribe to the new oath in which he swears to obey the lawful orders of the President of the United States.

TO TAKE OVER ARMORY

City Council To Complete Arrangements For Putting Building in Order

If the threatened trouble with Mexico will have no other effect it will give Alexandria a modern up-to-date armory and a fully equipped military company in this city. The city has completed all of its preparations for taking over the armory on South Royal street, and as soon as it comes into its possession it is expected will be put in first class condition. The present building is sadly in need of repairs and lacks ventilation and sanitary conveniences.As a result nearly all of the members of the Alexandria Light Infantry who are stationed there are suxering with colds.

City council some months ago appropriated $3,600 to pay the debts of the company and secure title to the property but it was impossible to consummate the deal because the company did not have sufficient members to give a good title to the property. Attorney Robinson Moncure represented the finance committe of the city council and now that the company is recruited up to full strength he has secured a deed.

It is expected that the finance committee will report to city council at its meeting to be held tomorrow night that all details of the transfer of the property have been completed. Council, it is expected, will shortly appropriate the money for the needed improvements.

Four new recruits were added to the company yesterday and all is in readiness for the move to Richmond tomorrow.

LOCAL BREVITIES

It is expected that the contract for the new Alevandria Hospital will be let at the meeting of the trustees to be held in the rooms of the Chamber of Commerce tonight at 8 o'clock.

Attorney Leo P. Harlow will represent J. Reece Caton in his appeal to the corporation court of the fine imposed upon him for selling cigars and soda water on Sunday.

Funeral services for Elizabeth R. Wheatley, the infant daughter of Mr. and Mrs. Charles R. Wheatley, who died in Richmond on Saturday took place today from Wheatley's undertaking hapel. cInterment was in Bethel Cemetery.

Funeral services for Mrs. Mary Florence Partlow who died at the Alexandria Hospital on Saturday morning will be held tomorrow morning at 9:30 o'clock from St. Mary's Catholic, Church.

U-BOAT MAY BRING NOTE

Kaiser Will Send One to New York With Message to Wilson is Report

Paris, June 26—A Madrid dispatch to the Temps quotes the Imparcial as reporting that President Wilson will receive a message from the German Emperor in the same manner as did King Alfonso. This statement is included in an interview which the representative of the Imparcial had with the German naval attache, Von Krohn, who declared that the bringing of letters to the King of Spain by a German submarine could not affect Spanish neutrality, which the Germans respect.

The Spanish newspapers, the dispatch a dds, de mand that the Government take measures to prevent a repetition of the submarine incident.

London, June 26—A delayed dispatch from Madrid to the Daily Telegraph says that a German submarine was due to arrive at New York on Sunday, June 25, with a message for President Wilson, "thereby surpassing the feat o fthe U-35, which carried a letter to King Alfonso.

ATTENTION FIREMEN!.

Members of the Fire Department are requested to assemble at the Cor. King and Washington streets tomorrow morning at 8 o'clock in full uniform to escort the Alexandria Light Infantry to the depot.

CZAR OCCUPIES ALL BUKOWINA

Entire Austrian Crown Land Reported Captured by Russ

TAKE 2000 CAPTIVES

German Attacks Along Stokhod River Fail, is Report—Berlin Reticent as to Losses

Petrograd, June 26—Occupation of the entire Austrian crown land of Bukowina is announced by the War Office. Possession of the province was completed by the capture of the town of Kimpolung, in the scuthern part of Bukowina, at the foot of the Carpathians. More than 2,000 prisoners were captured.

Russian troops further north are pressing along the River Pruth toward Kolomea and have occupied the villages of Kililhof and Toulokhof.

London, June 26—Officers who have arrived at Kiev described the breaking of all German attacks on the Russian front along the Stokhod river. Large reserves launched by the Germans were hurled back by the Russians, who now are on the offensive. German prisoners who were recently on the French front compare the Russian gunfire on the Stokhod as an inferno similar to that at Verdun.

Farther south in the Vladimir-Volynski and Sokal regions combined enemy onslaughts are proving equally ineffective and costly. The enemy evidently shrinks at no sacrifice to retain his communications with Kovel and Lemberg.

Kuty, which has been taken by the Russians, is on the left bank of the Cheremosh river, a tributary of the Pruth, and the Russians had to force the river in the face of gunfire from the hills behind. The Russians now are in possession of the entire Czernowitz-Kuty railway.

The Beresina river, on which fighting was reported Saturday, is a northern tributary of the Nimen. Bogdanoff is on the Elida-Molodechno railway a dozen miles south of Krevo. In the region between Vilna and Molodechno the Germans lately have been extending their field operations north and south of Smorgon. They now are attacking the Molodechno salient, not only from the northwest but from the southwest and west.

Berlin, June 26—Violent attacks on the Austro-German forces which have countered the Russian offensive in Volhynia, are being continued. The War Office announces that all these attacks, made repeatedly with strong forces, had been repulsed.

TRENCHES RETAKEN

German War Office Report Denies That the French Regained the Ground Lost Saturday

London, June 26—By a series of night attacks the French at Verdun have succeeded in winning back some of the positions east of the Meuse lost to the Germans on Saturday These winnings consist of trenches west of the Thiaumont redoubt and certain parts of the town of Fleury just south of Fort Thiaumont.

It was to capture these points that the Crown Prince threw in and, according to French official reports, sacrificed, his Bavarian regiments in the Saturday action,

The Crown Prince evidently is determined to make another desperate effort to recapture the Terrain, a bombardment of "redoubled violence" on Fleury and Friode Terre (cold earth hill) having begun at 5 o'clock yesterday afternoon. It is still in progress.

On the west of the Meuse the French claim to have repulsed huge German attacks on the Dead Man Hill region.

Scattered actions on the front held by the British are reported in tonight's British headquarters report.

Berlin, June 26—The British have devloped pronounced artillery activity along the part of the Franco-Bassee Canal to the Somme, the War Office announces. The British fire continued uninterruptedly all Saturday night.

Violent engagements north of Verdun resulted in the Germans repelling all attempts by the French to regain their recently lost ground.

A meeting of the Alexandria Chapter of the American Red Cross Society was held at ten o'clock this morning in the rooms of the Chamber of Commerce. In the absence of the president, Mrs. Julian T. Burke, James T. Preston was elected vice chairman and presided at this morning's session. Dr. E. A. Gorman, city health officer, was present at the meeting, and arrangements were made for the forwarding of supplies to the National Guard, while engaged on the Mexican border.

Arrangements were made for the temporary storing of supplies in rooms above the Mount Vernon garage and Howard Arnold and Louis Davis were appointed to attend to the receiving of them and seeing that they are properly looked after. In a few days however, the Red Cross organization expects to have a larger storage place centrally located, and have a committee of ladies to receive supplies.

Resolutions were adopted for the publication in the press of an appeal for all clothing supplies that the citizens of the community can donate, and requests are made also for new members of the local Red Cross chapter. A first aid class is to be organized. Applicants are requested to forward their names to Mrs. Herbert Oliver, secretary. 321 south Washington street. Another meeting will be held Thursday at 8 p. m. in the rooms of the Chamber of Commerce.

Following is the appeal made by the committee on supplies of the local Red Cross:

In consequence of the calling out of the National Guard for the protection of the southwestern international border, it becomes the duty of the American Red Cross, through its local chapters, to undertake two important lines of service, viz: to collect supplies for soldiers in camp and to secure aid for families of soldiers.

Alexandrians have and are showing a keen interest in the welfare of our soldier boys whilst among us and now that they are about to depart for the front, Alexandria's chapter of the American Red Cross makes an earnest appeal to all of our citizens to take a keen interest in our work and to display their love for home and country by assisting us in collecting supplies, listed below, to be sent to the Virginia troops, especially the Alexandria Light Infantry, to let them know that the citizens of our good old town, their friends, are ever mindful of their welfare and comfort and that they desire to assist them by every means in their loyalty and patriotism.

Supplies should be marked Alexandria Chapter, American Red Cross, and should be sent to the Mt. Vernon Garage, on north St. Asaph street, where they will be assorted, packed and shipped.

Supplies needed: Money for care of families of soldiers, reading matter, games, comfort bags, pajamas, cotton socks (medium weight, large size), towels, pipes and smoking tobacco, cigarrettes, chewing gun, chocolate in tin boxes, hard candies. George Washington coffee, evaporated cream and canned fruits, and other delicacies in tins.

SECOND 'BLUE' SUNDAY

But One Violation of Law Reported By The Police Force Yesterday

The police brought but one person before the Police Court this morning to answer the charge of violating the State law which makes it a misdemeanor to transact unnecessary business on Sunday. A shop conducted by George Bradley was, it was alleged, opened yesterday. One witness testified to purchasing cakes at the place and another to procuring a bottle of pop. Bradley, upon being called upon to answer the charge said he, personally, was not guilty of the charge, and that if anything had been sold in his shop yesterday it was by his wife. Upon being asked if he desired to transfer the responsibility to his wife, he replied that he did not. He, however, alleged that he did not know the law was so drastic, and was unaware of the fact that it was unlawful to sell such articles on Sunday. The court told the accused that all people in Alexandria had had their attention called to the law, that the authorities had worn to enforce all statutes, and that his ignorance of the same was no excuse. He was fined $5. Bradley asked that the case be continued, or reopened within the next few days in order to allow him time to procure a lawyer. His request was granted, and when the case comes up again he will be represented by Robinson Moncure.

A larger number of automobiles passed through the city yesterday than on the preceding Sunday. The suggestion made by Washington papers that owners of machines driven by chauffeurs might be arrested for violating the Virginia Sunday law having been found to be ridiculous.

Evangelist Gibson Delivers Address to an Attentive Congregation Last Night

"Spiritualism" was Evangelist F. E. Gibson's theme at the gospel tent on north Washington street last night. The speaker said modern spiritualism originated in the home of the Fox Family in New York in 1848. From that family it has grown millions. Among those who have identified themselves with this class are some of the great men of the world. Even professing Christians are among the believers in spiritual manifestations. Spiritualism be defined as a belief in the frequent communication of intelligence from the world of spirits by means of physical phenomena, generally manifested through a person of special susceptibility, called a medium. The evangelist read from their own writing writings in which he alleged it is shown that they put no difference between good and evil; that one was as essential as other; that believers in spiritualism do not believe in the teachings of the scriptures; that they do not believe in God the Father nor in his son Jesus Christ. He read sections from the Bible to refute their claims.

The speaker said that these spirits which are sought after are the angels which were cast out of heaven with Satan, or are evil spirits.

"Where do the good and bad people go when they die?" will be the theme tonight at the tent.

SEND-OFF TOMORROW.

Virtually all Alexandria will tomorrow morning participate in the escort to the Alexandria Light Infantry, the members of which command will leave about that time for the camp in Richmond. At the request of Mayor Fisher, merchants and shopkeepers will cease to conduct business while the parade shall be moving, and every opportunity afforded persons in all walks of life to participate in or witnesses the exercises.

The program will be found elsewhere in the Gazette, and it is hoped all who can conveniently do so will be conspicuous by their presence. This is meet, as it will be a manifestation of the appreciation due the gallant band which have so nobly answered to the response to arms in defense of the country.

There are some still living who saw the departure of Alexandrians for Mexico seventy years ago. Most of such, however, were small children at the time. The departure of the Alexandrians May 24, 1861, was at too early an hour and was too precipitate to be witnessed by many. But there is no good reason why the major portion of the community should be present tomorrow to bid adieu to our Alexandria boys. All seem to be enthused over the coming event and there is every reason to suppose there will be a general turnout.

Eighteen years have elapsed since the assembly call has been heard in Alexandria. That clarion followed the destruction of the United States battleship Maine in the harbor of Havana, which caused many brave American sailors to perish. Irresponsible and murderous hordes in Mexico have massacred other Americans, and the time has come when diplomacy must be sidetracked and the sword wielded in defense of Columbia.

A WARNING TO PERJURERS

In the Norfolk Police Court Saturday, Julius Miller, a young white man was fined $25 and costs and given ten days in jail by Justice Arnold on a charge of committing perjury in the court Thursday. The case arose out of the loss of a suit of clothes given Miller, to be cleaned and pressed Miller, a driver for the Norfolk Steam Laundry, testified in the court that the suit was stolen off his wagon. developed in the case that the laundry for which Miller was soliciting did not do cleaning and pressing, and did not permit drivers to solicit such business. According to the testimony, Miller was soliciting such business for a pressing club.

When asked in the court whether he received any commission or reward for soliciting cleaning and pressing, Miller stated that he did not. It was for this statement that he was charged with perjury.

The above is published for the benefit of certain individuals who seem to think it is matter of no consequence how they testify in Police Courts. It is to be supposed that such individuals can be found in all cities. Those who attend the Police Court of Alexandria regularly could tell of many cases where witnesses (often voluntary) have appeared ready to testify to anything in the interest of the parties who had them summoned. One one occasion several years ago a little white girl had a ten-dollar bill snatched from her hand by a colored boy. The negro who it was believed committed the act was arrested and the circumstantial evidence was against him. It was necessary to continue the case until night, when twenty-five or thirty negroes (male and female) appeared as witnesses for the defense. They were all ordered to retire to an adjourning room and were brought in one at a time. Their object was to prove an alibi for the prisoner. The evidence parent that all committed perjury.

On future occasions more attention will be given the statements of witnesses in certain cases, and when it is apparent that perjury has been deliberately committed the offenders may meet a fate similar to that of the man in Norfolk.

WAR SEEMS INEVITABLE

While no one can tell what a day may bring forth, at present there seems to be no way to avoid a clash with Mexico, The United States has nothing to mediate and all offers in that direction are valueless, in spite of the good feeling that may inspire them. The mandatory note sent to the de facto government yesterday was in no friendly tone, and insisted on an immediate answer. Conditions in Mexico are in a chaotic state. Carranza is without power now. He has little or no control of the Mexican armies, each commander being independent, though making a pretense of loyalty. Orders issued by Carranza would be obeyed or disregarded by Obregon and the other commanders as they saw fit. It is Carranza's misfortune that he has been placed in this predicament, but he must be held responsible for the de facto government, of which he is the weak and vacillating head.

A declaration of war would doubtless bring the factions of Mexican bandits and outlaws closer together and perhaps unite them against Americans, but there can be no doubt that a large majority of the substantial, law abiding citizens of Mexico would welcome American intervention as the only way to end the reign of misrule and terror that has so long prevailed.

As most papers of this country suggest, no nation was ever so patient with another under prolonged and extraordinary provocating as the United States has been with the de facto Government of Mexico. The mere recital of the undisputed facts creates a case which would convince any impartial jury in the world of our rights of action. Few countries would have held their hand after the attack on Columbus last March; none other would have still parleyed after the attack on our troops at Carrizal last week. Yet with unexampled self-control we have waited to learn all the facts, and have given the offenders a final opportunity to escape the penalty which they have invited.

The Gazette a few years ago, when it became necessary for the United States to take possession of Vera Cruz thought intervention in Mexican affairs necessary.

But even many of those who were most impatient with the President at times because of his patience are now ready to praise and thank him for having exhausted every possible resource before using the argument of force, and they appreciate his refusal even in these final moments to be hurried into an angry and irrevocable course. Not on his hands will be the blood that may be shed. Every household throughout the United States which is saying good by to father, son or brother will feel a new bond of sympathy with Mr. Wilson and will cherish the hope that this country, and every other country, ma be blessed in the future with rulers who cannot be swept away by passion or by the clamor of the thoughtless and the selfish; rulers who will not be ashamed to make humanity the first and highest consideration, in spite of the scoffs and sneers of those who are willing to sacrifice international peace and the happiness of mankind over every dispute that may arise. Fortunate is the nation which has men of this type at its head.

"KEEP HOME FIRES BURNING"

"Tipperary" has been supplanted in popularity among the Britons by the following:

They were summoned from the hillside
They were called in from the glen,
And the country found them ready
At the stirring call for men.
Let no tears add to their hardships,
As the soldiers pass along,
And although your heart is breaking
Make it sing this cherry song:

Refrain—

Keep the home-fires burning.
While your hearts are yearning.
Though your lads are far away
They dream of home;
There's a silver lining
Through the dark clouds shining,
Turn the dark clouds inside out
Till the boys come home.

Over seas there came a pleading,
"Help a nation in distress!"
And we gave our glorious laddies,
Honor bade us do no less;
For no gallant son of freedom
To a tyrant's yoke should bend,
And a noble heart must answer
To the sacred call of "Friend."

Those who have been at the front, after many months of war, say that the new song fits the spirit of the trenches far better than livelier more stirring martial song would.

NEWS OF THE DAY

Mary Jane Stowell, aged 76, mother of "Billy" Sunday, was found dead in bed, at the Sunday home, at Winona Lake, near Warsaw, Ind., yesterday. Death was due to heart trouble.

Every preliminary sign indicates there will be a lively fight at the meeting of the national committee of the Progressive party in Chicago today over the question of indorsing Charles E. Hughes, for President if Col. Roosevelt declines to run.

Twenty persons were injured in election riots in Panama yesterday, and several were killed in the interior. No American is reported among the casualties. American soldiers are guarding the office of the Panama Star-Herald, the opposition newspaper.

Midshipman William B. Durkin after not quite four days in the Naval Academy at Annapolis, committed suicide yesterday by jumping from the window of his room in Bancroft Hall, the middy barracks, after he had for a whole day refused obedience of the regulations of the academy.

One hundred American refugees who fled from Mexico to escape the reign of terror there arrived yesterday at New York on the ward liner Esperanza. They told of the condition of anarchy that is sprading ruin over the land and forcing the cessation of all industry except that dedicated to preparaton for war.

The Rotterdam Courant hears that distress in the German cities has risen to such a degree that the high church authorities of Muenster and Cologne have urgently asked the cooperation of the clergy to send town children to the country, where the scarcity of food is less acute. Food-shortage in France is also causing anxiety.

Reports received in Berlin from America that the German legation in Mexico City was actively inspiring Gen. Carranza, head of the constitutionalist government of Mexico, in hostility to the United States were brough today to the attention of the imperial chancellor, Dr. von Bethmann-Hollweg. The chancellor asked to be excused from commenting on the report, feeling that such rumors were unworthy of his attention.

Ignacio Calderon, Minister from Bolivia, acting on behalf of several South and Central American republics, will present to Secretary Lansing today an offer already accepted "in principle" by Gen. Carranza, to mediate in the crisis wtih Mexico Mr. Lansing declined to say last night what his reply would be, but the administration has indicated repeatedly that it considers there is nothing in its differences with the Carranza government which admit of mediation.

A clash over the fishing ad pearling concessions off the Lower California coast has occurred between Akondo, a Japanese, and Aurelia Sandoval, and Esteban Centu, governor of Lower California, has seized the American schooner Ramona at the request of Sandoval and is holding the vessel under guard at Enzada. A bitter war between Japanese fishermen on one side and Italian and Mexican fishermen on the other is looked for as a result of the Ramona seizure.

The Rough Riders are reorganizing to enter the Mexican war at the first call for volunteers. Col. Theodore Roosevelt is himself back of the plan, and George McNalty, of Milwauflee, is in receipt of a letter from Oyster Bay, asking if he would join the new organization. His brother was killed at San Juan Hill. The Colonel is working for the recruiting of a force to be made up of sons or brothers of the soldiers of 1898. The plan this time, is for the formation of a brigade, not a regiment, and possibly Roosevelt will be the brigade commander. The force will assemble in Butte and go from there to the border.

Miss Dorothea Roberts, daughter of Dr. and Mrs. M. B. Roberts, of Waverly, Kansas, met with a very unusual and peculiar accident which almost cost her life. With her father she was riding in their car—the girl in the rear seat, the father in the front seat, driving. In passing over a culvert at good speed the girl was thrown against the top of the automobile and a strong chain which she wore about her neck caught over one of the bows in the top. There she hung until the father noticed that she failed to answer his remarks When he looked around he found her unconscious hanging to the top of the automobile.

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfils its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.

If you are troubled with chronic or muscular rheumatism give Chamberlain's Liniment a trial. The relief from pain which it affords is alone worth many times its cost. Obtainable everywhere.

SPAIN FOR INTERVENTION

Sentiment Is That United States Should Re-establish Order in Mexico

Paris, June 26—The Madrid correspondent of the Temps sends the following:

"Public opinion here is greatly impressed by the Mexican situation. Despite the talk of intervention by King Alfonso in favor of peace between the United States and Mexico, no official move in this respect has been made so far. The feeling in Spain is that it is of the greatest importance and urgency that order be reestablished in Mexico. It is pointed out that there are 300,000 Spaniards in Mexico who would be unable to carry on business and many of whom would be virtually ruined.

"Intervention by the United States, it is asserted, would not be regarded unfavorably by Spain, because early in the Mexican revolution Spanish fugitives were effectively aided by the United States, the Spanish government itself being unable to act directly."

MUSTERED IN

Washington, June 26—Mustering of the District militia into Federal service was begun at the mobilization camp near Fort Myer today. The Signal Corps, consisting of seventy-five picked men, war strength, was mustered in by Capt. Horace G. Hobbs, U. S. A., before noon and will go before the medical examiners this afternoon.

Among the United States prisoners held at Chihuahua City by the Mexicans are Paul A. Cruses, of this city, and Felix Page of Ballston. Va.

Had Gastritis, Headache, Constipation, Biliousness. Dreco Puts Him in Fine Sape.

"This medicine Dreco, has certainly helped me and I want to recommend it because I believe it will help others," said Mr. C. Thomas the popular motorman, who lives at 1506 East Capitol street, Washington, D. C. "I wasn't sick enough to lay off but felt tired and all done for, and had headaches and was bilious. Was always constipated and gas forming in my stomach annoyed me very much. I was nervous, and didn't sleep sound either. I was bothered right much with nasal catarrh and hadn't found anything that helped it. Reading so often about Dreco I decided to try it and since taking five bottles I am free to admit that I am greatly pleased with the results. The catarrh is very much better, constipation entirely relieved no more headaches or biliousness, have a good appetite and never have any more gas to trouble me. I gladly endorse Dreco for it has done all I expected of it."
